

SIM – THE UNIVERSITY OF WARWICK GRADUATION CEREMONY

15 MAY 2026

Singapore Institute
of Management

SIM Campus,
Singapore

MESSAGE FROM THE PRO-DEAN (INTERNATIONAL) WMG, THE UNIVERSITY OF WARWICK

Dear Graduates, it is a real pleasure to welcome you to your graduation ceremony.

This event is a reward for all your hard work and study as a student at SIM. It is a well-deserved opportunity for you and those close to you to celebrate your success.

While your graduation recognises your academic achievement, it is not only your knowledge and learning that we will applaud. Your innovation, determination, resilience, and flexibility saw you through your education, and deserve equal praise.

These qualities are important. They are the skills needed for success in your future careers. Supporting your future growth is why WMG exists – to aid you in becoming, not just outstanding students, but contributors to the well-being of society.

WMG was founded over forty five years ago by a proud innovator, Professor Lord Bhattacharyya. His vision was to combine academic excellence with industrial relevance, to give our students the knowledge needed to create real change.

Those values have been the foundation of our partnership with the Singapore Institute of Management, whose vision of ‘Learn for Life, Thrive for Life’ – encapsulates the purpose of education– to give students the skills, knowledge, and cultural intelligence to excel.

Over the last six decades Singapore has been transformed, whether in becoming a globally leading logistics hub, an industrial gateway for Southeast Asia, or the home of so many engineering, technical, manufacturing, medical and computing advances. That record of success can be traced back to Singapore’s innovative, education led, and entrepreneurial culture, which is an inspiration to all across the world.

At WMG, we share a firm belief with our Singaporean partners, that academic advances, when translated to the industrial environment, can grow businesses, create greater progress, and lead to positive social and environmental change.

Over twenty years ago we launched the first part-time MSc in Engineering Business Management. In that time our original Engineering Business

MESSAGE FROM THE PRO-DEAN (INTERNATIONAL) WMG, THE UNIVERSITY OF WARWICK

Management programme has been joined by Supply Chain and Logistics Management and Programme and Project Management and Cyber Security and Management – a field barely even thought of when WMG was first founded.

Our role at WMG is to develop and inspire the next generation of engineers, executives, scientists, and technologists, who can amaze the world by creating new ideas, new solutions and new ways of living. With this year's graduation, over 360 people will have graduated from our courses, and are now playing a vital role in the development of Singapore.

Like those who have gone before you, your studies with us were designed to help you prosper by ensuring that you have not just the knowledge, but the experience and instincts to meet new and unexpected challenges.

Whether it is developing supply chains that can meet the test of any shock, finding engineering solutions for the challenge of climate change, or protecting the digital connections that make the modern world possible, both academia and industry needs leaders who will search for better solutions and quicker responses.

At this ceremony, we celebrate your latest step forward on the path to becoming those leaders. Having overcome challenges, you will receive the University of Warwick qualification you have worked so diligently to achieve.

Your graduation demonstrates your academic success, but it is also proof of your potential to make a difference to our shared future and to drive change, to make the world around us more connected, more sustainable, more productive.

If innovation is the driver of global change, its biggest limit is our human capacity to deliver on its potential. It is you, and those you work with, who will make change real. That is why, as an educator, it gives me an enormous sense of satisfaction to be with you on this graduation day.

As you move from student to graduate, your role now is to be the leaders your society needs. It is a real and vital responsibility that you bear. But you will not be alone.

You will take with you from your Warwick experience, knowledge, friendship, and inspiration for the future. But more than that, today you become a lifelong member of our global community of innovators striving for new horizons and ready to help make the world a better place.

MESSAGE FROM THE PRO-DEAN (INTERNATIONAL) WMG, THE UNIVERSITY OF WARWICK

I am sure that you will all make a similar contribution to the success of your companies and region. That success will be a source of great pride to all of us at WMG and SIM, as your success is our success.

Our educators, researchers and your fellow alumni will be with you on your journey to a better tomorrow, as I am sure will be those who have supported you on your journey thus far, your family and friends to whom I am sure you are all very grateful.

On behalf of the University, we wish you every success and happiness for the years to come. Our heartfelt congratulations to each of you, enjoy your very special day, celebrate your degree, and go forward in your future careers with full confidence in what you can each achieve personally and for society.

ORDER OF PROCEEDINGS

Entrance of Academic Procession

Welcome Address

Professor Jorg Bley
Provost

Hendro Lim

The image shows the exterior of a brick building, identified as University House at The University of Warwick. The building is constructed from red and brown bricks. A large, multi-paned window is visible on the left side. The text 'THE UNIVERSITY OF WARWICK UNIVERSITY HOUSE' is mounted on the brick wall in a silver, serif font. The sky is clear and blue. In the bottom right corner, there is a yellow rectangular box containing the text 'The University of Warwick, United Kingdom'.

ABOUT THE UNIVERSITY OF WARWICK

WMG is a world leading research and education department at the University of Warwick, transforming organisations and driving innovation through a unique combination of collaborative research and development, and pioneering education programmes. As an international role model for successful partnerships between academia and the private and public sectors, WMG develops advancements nationally and globally, in applied science, technology and engineering, to deliver real impact to economic growth, society and the environment.

Every year WMG provides education training to over 2,000 postgraduates, in the UK and through centres in China, North Cyprus, Singapore, Malaysia, Thailand and Hong Kong.

Using a wide range of delivery models, WMG's focus is on flexible and engaging learning, whether a short workshop or a full degree course. The teaching teams bring their subjects to life by blending their academic knowledge with their industrial experience. WMG believe in lifelong learning ensuring people can gain the right skills for their careers, their organisation and for life.

THE UNIVERSITY OF WARWICK ALUMNI

Congratulations on graduating and joining a community like no other - a community of diverse, vibrant, incredible people making an impact on the world around us.

You've joined a network of 283,000 Warwick alumni in around 190 countries across the world. As you embark on the next phase of your journey, staying in touch with the University will give you access to a range of benefits and opportunities to support your personal and professional development.

To access your alumni benefits, maintain contact with your fellow Warwick alumni in Singapore and beyond, and stay informed about the latest developments from WMG and Warwick, please update your details via **www.warwick.ac.uk/alumni/update**

If you're looking for insight into what it's really like to work in your dream job, need careers advice, or just want to connect with other alumni, sign up to Warwickgrad, your exclusive and trusted virtual community. It exists to support meaningful connections that endure far beyond graduation.

As a graduate you can also sign up for a free warwickgrad.net email address, which will enable you to continue accessing many of the e-journals you used as a student. Information about how to register for Warwickgrad, and the associated email address, can be found at **www.warwick.ac.uk/alumni**

For all the benefits of being part of the Warwick alumni community and on the latest alumni news, events, and networking opportunities, please stay in touch via **alumni@warwick.ac.uk**

ABOUT A*STAR SIMTECH & ARTC

The **A*STAR Singapore Institute of Manufacturing Technology (SIMTech)** and the **A*STAR Advanced Remanufacturing and Technology Centre (ARTC)**, drive innovations in advanced manufacturing through applied research and strong industry partnerships.

SIMTech develops high-value manufacturing technologies and talent to enhance the competitiveness of Singapore's manufacturing sector across industries such as precision engineering, aerospace, medtech, electronics, and semiconductors. ARTC operates a public-private consortium of over 95 members, including MNCs, SMEs, startups, and public agencies, to accelerate the translation of research into industrial solutions across sectors such as Aerospace, Land Transport, FMCG, Energy, Biomedical Manufacturing and Semiconductor Equipment and Factory Solutions.

ABOUT SIM

The Singapore Institute of Management (SIM) is an International Institute of Higher Learning (IIHL) that empowers, uplifts and strengthens employability at all seasons of life and starting points. Seeded by the Singapore Economic Development Board in 1964, SIM nurtures leaders for the future of work, with industry relevant skills, knowledge and values to create impact in Singapore and Asia through internationally recognised education and learning pathways.

SIM harnesses new knowledge, skills, and technology to provide skills-based learning experiences that enable students, professionals, and enterprises to Learn for Life and Thrive for Life. Through SIM Global Education (SIM GE) and SIM Academy, SIM supports diverse learning needs—offering higher education pathways and tailored learning journeys for learners, working professionals and enterprises to adapt, grow, and stay employable in an ever-changing world.

With a steadfast commitment to transforming lives, SIM continues to be a catalyst for positive social and economic change across communities, inspiring learners to contribute meaningfully to society, and fostering shared progress and upward mobility.

For more information on the Singapore Institute of Management, visit sim.edu.sg

About SIM Global Education

SIM Global Education (SIM GE) is a leading private education institution in the region. Awarded the EduTrust Star award since 2022, we offer more than 170 academic programmes ranging from diplomas and graduate diploma programmes, to Bachelor's and Master's degree programmes in partnership with some of the world's most reputable universities from Australia, Canada, Europe, United Kingdom, and the United States. SIM GE's cohort is made up of about 17,000 full- and part-time students and adult learners, of which approximately 41% of students enrolled in full-time programmes are international students hailing from around 50 countries.

At SIM GE, we are committed to strengthening learners' employability through industry-relevant curricula, applied learning experiences, and opportunities to develop critical soft skills. We also champion accessible pathways that empowers learners of all backgrounds to thrive through lifelong learning, regardless of their starting point or circumstance.

SIM GE's holistic learning approach and culturally diverse learning environment equip students with knowledge, industry competencies, and global perspectives to succeed in a fast-changing, technologically driven world.

For more information on SIM Global Education, visit sim.edu.sg/ge

SIM GE ALUMNI

Graduation is just the beginning of your exciting journey as a complimentary lifelong member of the SIM Alumni community.

You are now part of our global network of nearly 200,000 alumni. Beyond Singapore, you can connect with our Overseas Alumni Chapters in China, Korea, Indonesia, Malaysia, and Vietnam to broaden your professional and personal networks.

As an SIM alumnus, you'll enjoy a wide range of benefits,

- **Exclusive lifestyle offers**
- **Engaging learning events**
- **Comprehensive career services (ie: coaching and mentoring)**

At SIM, we're committed to supporting your personal growth, career success, and lifelong achievements. We encourage you to stay connected with us and your fellow alumni.

Stay updated on the latest alumni events and exclusive privileges by visiting www.sim.edu.sg/alumni. You can also download our CareerSense app from the App Store or Google Play for convenient access to career services and updates.

Congratulations once again—we look forward to seeing you at future events.
